

# NIVA Project – Tangible (EO) results

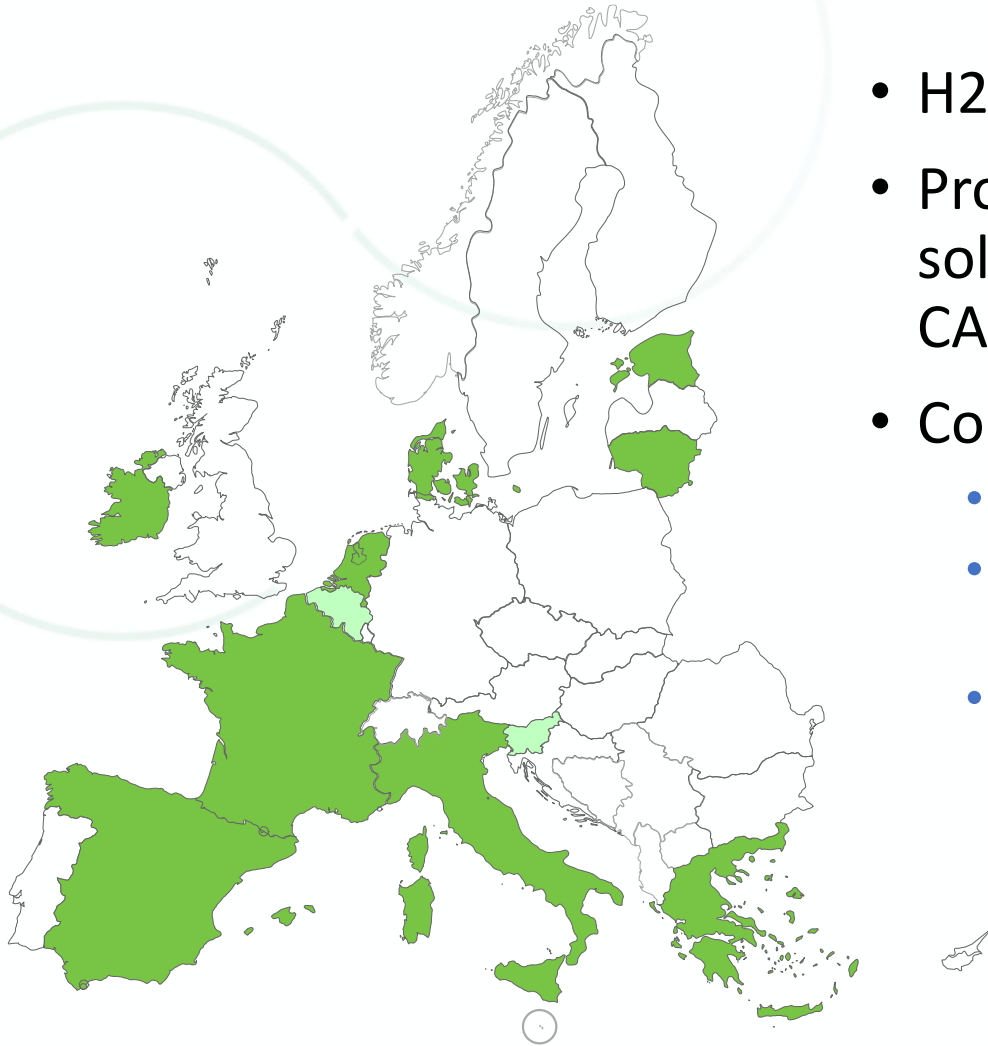

Folkwin Poelman (WP5 Lead)

09-02-2022

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 842009

# NEW IACS VISION in ACTION - NIVA

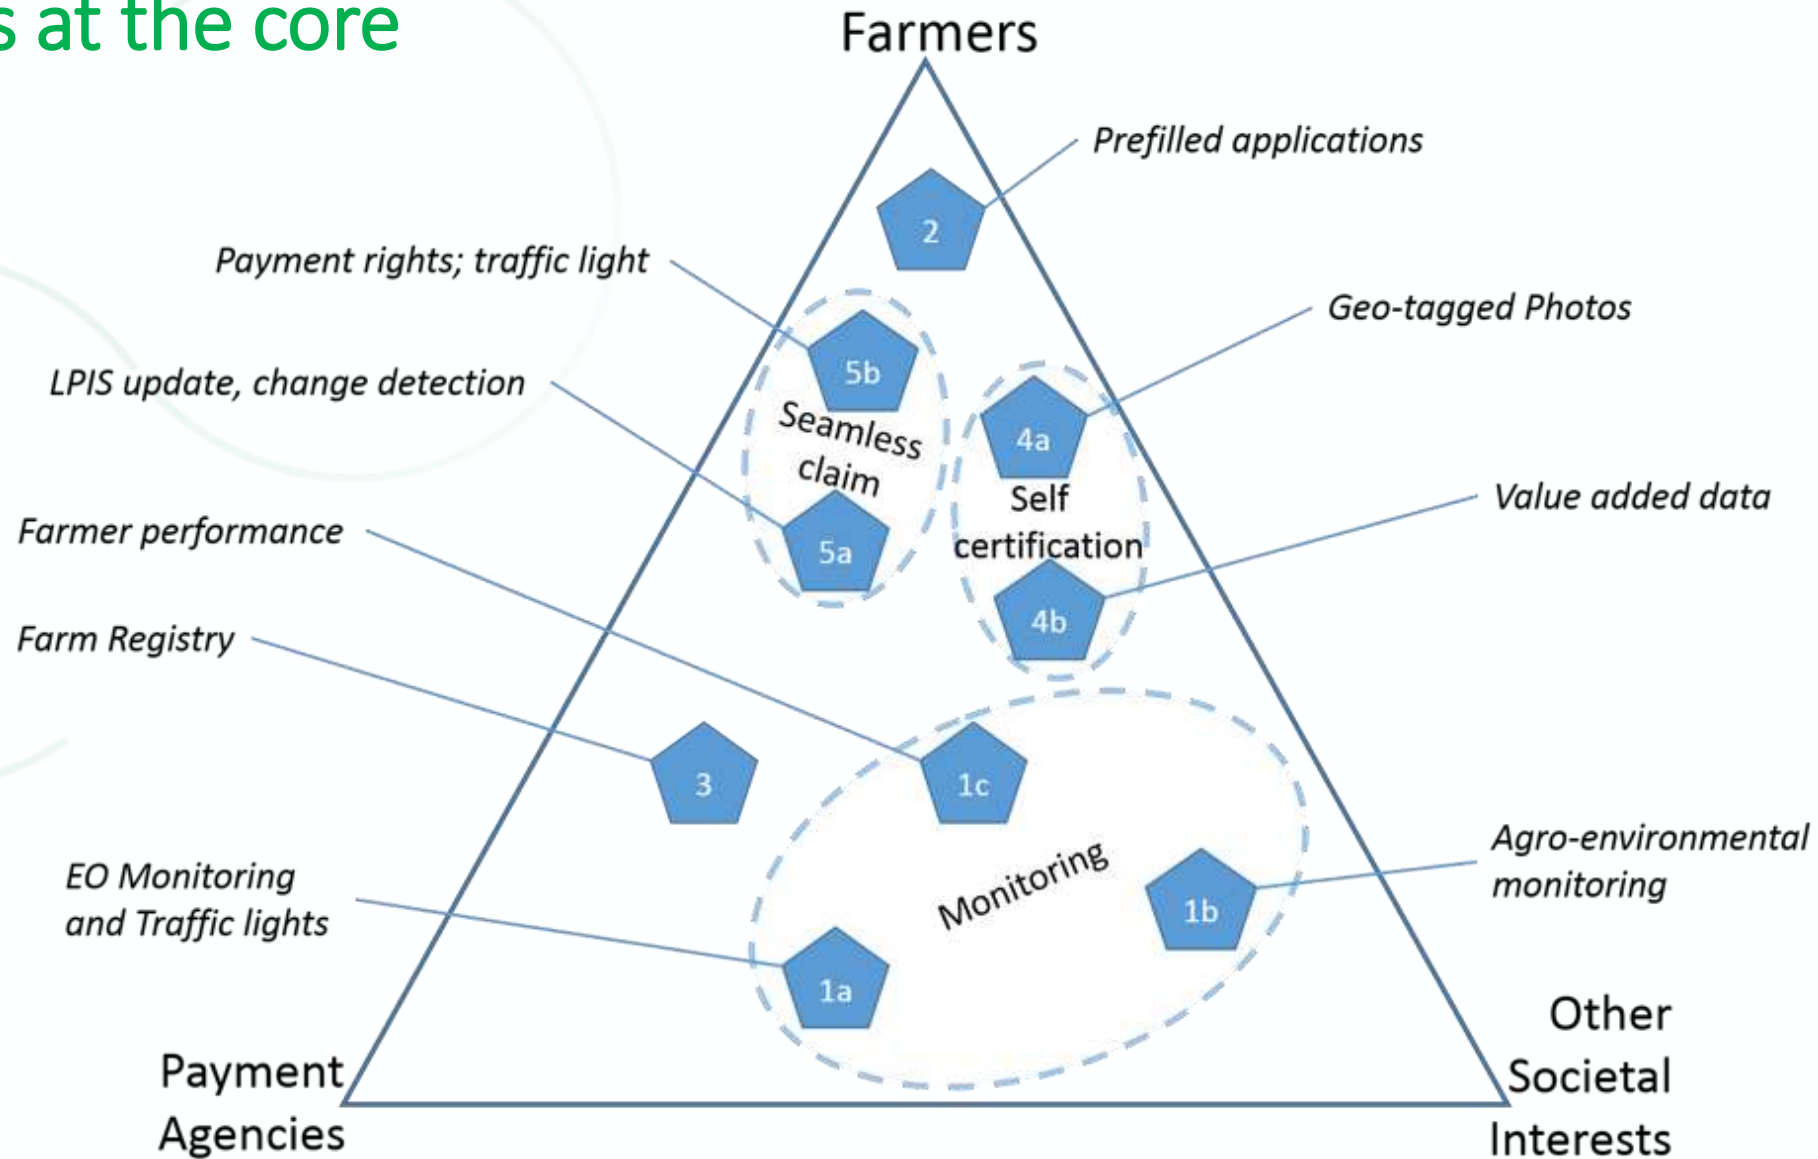

- H2020 Innovation Action
- Proposal in response to [call](#): Digital solutions and e-tools to modernise the CAP
- Consortium
  - lead = WUR
  - 9 paying agencies (NL-DK-SP-IT-FR-GR-EE-LT-IR)
  - technical partners, total 27 partners

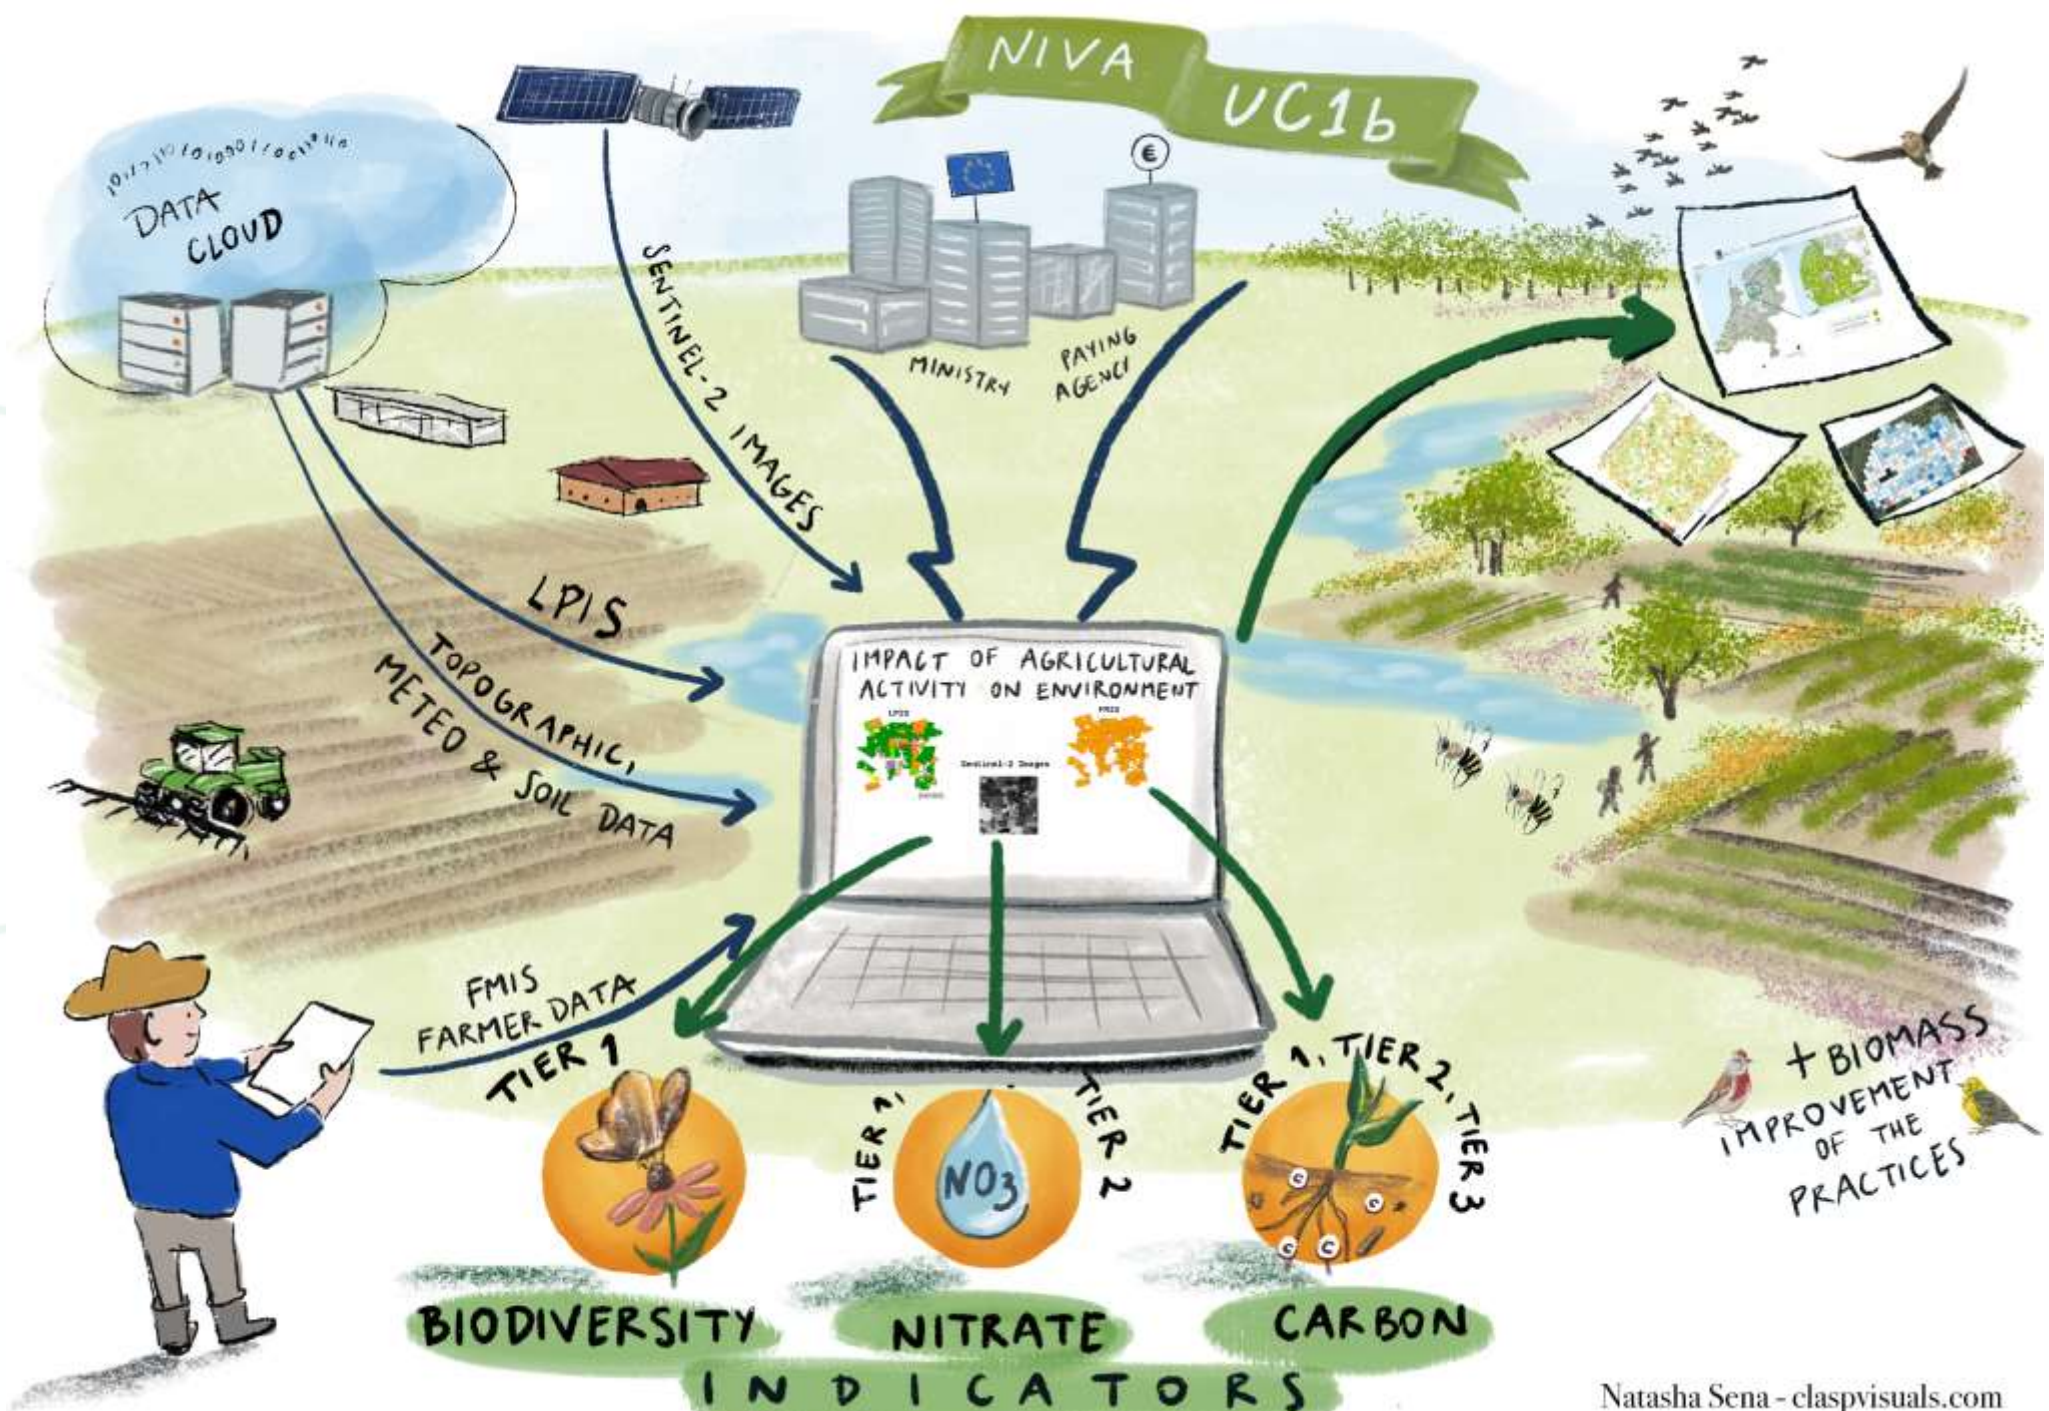

## three main challenges:

- Absorbing innovations to simplify the CAP governance;
- Reducing socio-economic and administrative burden to farmers;
- Reducing the gap between IACS data use and potential broader uses.

While: the European Commission proposes a more flexible system, simplifying and modernising the way the CAP works. The policy will shift the emphasis from compliance and rules towards results and performance.

# Pilots at the core

# More NIVA activities about EO monitoring

- Data model “Base types for EO monitoring” : draft version available on NIVA website
  - <https://www.niva4cap.eu/deliverables/>
  - Document D3.2 Common semantic model M12
- Capitalising knowledge about access and pre-process of satellite images
  - <https://www.niva4cap.eu/deliverables/>
  - Document D3.5 Recommendations for standardised connections between IACS and other applications

## Call for Support for Third Parties – to test EO monitoring (and other NIVA Innovations)

- NIVA opened a Call for Support for Third Parties
- Open to test NIVA Innovations
- Interested to test?

<https://www.niva4cap.eu/calls/call-for-support-for-third-parties/>

# Thank you!
